

# SPECSVISION Bearing Wear Monitoring System(BWM)

## Bearing Condition Monitor

W402 x H330 x D80(mm)

## Gap Sensor

M22 x 1.0mm, L=109(mm)

## SYSTEM FEATURES

### Low CAPEX/OPEX

Complies with latest MES algorithm and IACS requirements

Most rigid structure

Securely access remote HMI from anywhere around the world

Simple installation

Temperature compensated sensor design

## SYSTEM PROCESS

Engine

ECR
